### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 38-63 directed to inventions non-elected without traverse. Accordingly, claims 38-63 have been cancelled.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach the overall combination of a device for guiding webs of partial width in a processing machine as claimed including a first and second common support each connecting a respective registration device and a guide element and being movable on a respective further guide element transversely in a direction of the incoming webs of partial width, wherein the guide elements each imparting a directional change or an offset in respect to a running direction of the respective incoming web of partial width and the registration devices each being positioned to achieve a longitudinal registration of the respective incoming web of partial width in relation to another incoming web of partial width.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
